Performance Measurement Update

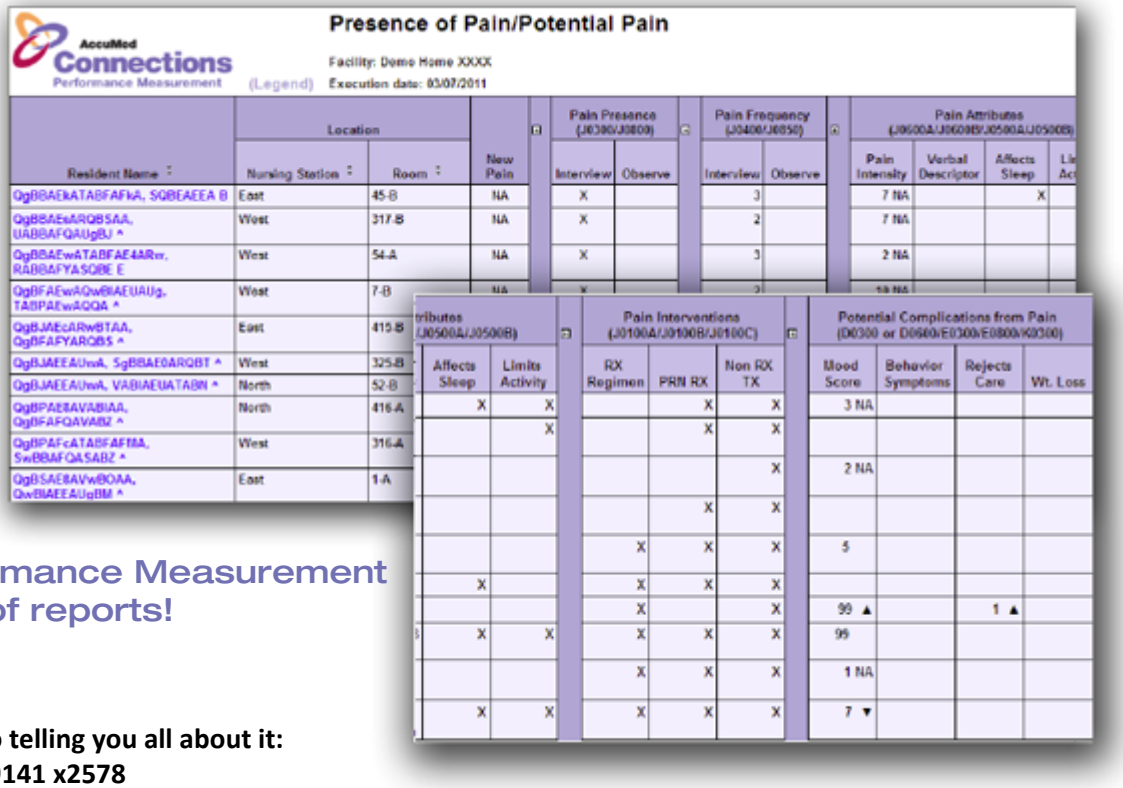
Exactly how effectively does your facility manage pain?

This is the first in a series of product updates highlighting features and advantages of the various AccuMed Connections and other products.

Audit care and track outcomes so that you know ...

- Who is in pain
- Whether a resident's pain is controlled or not
- If a pain report came from interviews or observation
- When pain limits activity or impairs sleep
- What sort of treatment plan has been developed
- How MDS scores for mood, behavior, and weight loss relate to pain

One report can give you all the answers ...



Presence of Pain/Potential Pain
