

What does this mean for your team?

- Pro-Tracking will not be updated to accommodate any PDPM changes.
- Assessments with an assessment reference date of October 1, 2019 or later will not be imported to Pro-Tracking.
- On January 1, 2020, all Pro-Tracking links will cease to function, and you will no longer be able to access Pro-Tracking.
- Your subscription for Pro-Tracking will be cancelled and you will no longer be billed effective October 1, 2019.
- As an alternative solution, you may choose to subscribe to Compliance Analytics for additional QM and Readmissions functionality if your facility is not already subscribed.
- If your facility is currently subscribed to Compliance Analytics, your access will not change and you will be able to continue using it as usual.
